Dear [Student Title Surname]

Continuation of your Disabled Students' Allowances (DSAs) **[Academic Year]**

Your DSAs will continue as per your most recent support letter as your study needs have not changed.

You only need to apply every academic year on a DSA full form for DSAs if you:

- are a postgraduate student
- are a part-time student
- only get DSAs funding (i.e. no tuition fees/maintenance loan etc.)

You do not need to provide medical evidence or ID every year if you are continuing on the same course at the same university or college.

We will also require an application if you:

- are changing course
- are changing university or college
- are repeating a year of study

If you have any queries about this support or you feel further recommendations are required you must contact your Disability Adviser at your university or college.

For further information about DSAs go to www.gov.uk/studentfinance, call us on 0300 100 0607 or email us at dsa_team@slc.co.uk.

Yours sincerely

On behalf of Student Finance England
